Supervised Study provides a valuable opportunity, under the guidance of experienced teachers, for students to discipline themselves and to concentrate on homework and revision in a quiet, warm and friendly atmosphere. In order to facilitate students gaining the **maximum benefit** from supervised study the following will apply:

- ★ Students are expected to attend study and work quietly for the study session.
- ★ Students are expected to behave in a respectful manner towards both staff and other students.
- ★ Students are expected to be punctual for all study periods. Arriving late disrupts other students' concentration.
- ★ The use of mobile phones is strictly forbidden.
- ★ Each student is expected to cooperate fully with the supervisor and normal school rules apply e.g. school uniform must be worn, no eating or chewing gum during study.
- ★ Misbehaviour or disruption will not be tolerated. Students may be removed from study for persistent behavioural issues.
